Frequently Asked Questions

Do you have packages or is it à la carte?

Our offering begins with a foundational package containing essential items for all couples. From there, we customize your wedding with our à la carte options. Using a detailed spreadsheet, we itemize each element, ensuring transparency in pricing and breakdown. Couples have the flexibility to add or remove items as desired up to 30 days before their wedding.

Can I pick which flowers I want?

Certainly! While some floral options may be unavailable due to seasonal factors, we'll collaborate closely during the planning phase. You'll work with your planner to develop your Vision Board on our shared Google Drive. Utilizing Pinterest, you can compile your favorite photos and through discussions with your planner explore creative possibilities and ensure alignment with your budget.

Can I bring my own photographer?

Absolutely! Just talk with your planner about which vendors you are thinking of bringing. Certain vendors are easy to bring, like photographers or hair stylist, but others like DJ or band (due to the equipment needed) are more difficult. We will weigh the pros and cons together. We also have a list of amazing local photographers to choose from.

What makes you different from a venue planner?

Venue planners typically focus on promoting their own offerings, primarily food, beverages, and in-house items, which serves their interests. In contrast, we prioritize your needs and desires, catering to you and your guests. From arranging hotel room blocks to organizing snorkel cruises, wedding decor design, and booking rehearsal dinners, we assist with every aspect of your wedding. With over 20 years of experience on the island, we have cultivated personal relationships with local businesses, ensuring that everything is seamlessly coordinated for you. Rest assured, your best interests are always our top priority.

How do I contract my vendors?

We handle everything on your behalf. Simply communicate your preferences, and we take care of the rest—contacting vendors, negotiating contracts, and managing payments. With just two payments to us, we handle all transactions with vendors, ensuring timely payments before due dates. Our process is designed to be simple and streamlined, allowing you to focus on enjoying your wedding planning experience.

Where do all our guests stay?

SunHorse Weddings specializes in coordinating weddings at private or semi-private venues unaffiliated with hotels. This approach offers you greater flexibility in selecting accommodations that suit your guests' preferences. We guide you through the array of options, highlighting the advantages and drawbacks of each hotel or house, ensuring you make an informed choice for your group. Following your decision, we assist in securing a room block contract or promo code (depending on the hotel's policies). We also help you get a booking link for airport transportation in order to enhance your guests travel convenience and minimize stress.

What we we supposed to pay for our guests?

Most guests typically cover their own expenses for airfare, hotel accommodations, airport transportation, and ferry rides. Your responsibility lies in covering the costs associated with wedding food and beverage. Additionally, you have the choice to host a Welcome Dinner, often serving as an alternative to the Rehearsal Dinner. Optional events, such as a Golf Cart Scavenger Hunt or Snorkel Cruise, are usually paid for by guests, though you have the option to cover these expenses if you wish. To facilitate payments for added events, we set up an Eventbrite sign-up link, simplifying the process for guests.

How much is the deposit, when are other payments due & how can we pay?

Following the discovery call, we'll send you an itemized spreadsheet for your review. The initial deposit is determined by the venue deposit required and any other relevant vendor deposits due upon booking. Once your deposit payment is submitted and the contract is signed, the exciting part of planning begins. Your remaining wedding payments will be clearly outlined, with deadlines set at 90 days and 30 days prior to your wedding day. Additional deposits may be necessary throughout the planning process, depending on vendors and added options. As a U.S.-based company, all payments can be made conveniently to our U.S. bank account, through Zelle, or via PayPal. If your parents wish to contribute, they can also make payments directly to us. Simply discuss payment options with your planner for further guidance.

What if I don't know what I want?

No worries at all. Consider it taken care of. Simply inform us of your budget and if any of our past weddings inspired you, and we'll handle the rest. We'll guide you through every aspect and meticulously plan every detail, ensuring you can relax and leave the intricacies to us.
